# Part A: Pupil premium strategy plan

### Statement of intent

The objective of the Pupil Premium strategy at St. Thomas More CVA is to narrow any attainment gap between those pupils categorised as disadvantaged and the school population as a whole. We aim to ensure that these children are able to make progress that is in line with their peers and, where possible, accelerated in order to reduce any attainment gap.

In line with guidance and advice from the Education Endowment Foundation (EEF), our policy focusses around half of our premium funding on quality first teaching with the remaining funding being split between targeted interventions and wider opportunities. Many of the key interventions and approaches are adopted on a whole school level and are not only restricted to pupils eligible for the Pupil Premium; they incorporate children who are disadvantaged or vulnerable in other ways, for example young carers or children that have or have had a social worker

The key principles of the strategy are that disadvantaged children have access to opportunities, teaching and support that allows them to catch-up on learning lost during the Covid-19 pandemic, widen their aspirations, develop their confidence and increase their cultural capital. We also aim to reduce barriers to learning by developing positive home-school relationships with families and providing for the SEMH needs of the children.

# Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Overcoming any attainment and progress gap with particular focus on writing, early reading strategies and maths.
2	42% of PP children also have a Special Educational Need. These include Social Emotional and Mental Health needs.
3	Ensuring that attendance of Pupil Premium children is in line with that of other children within the school.
4	Ensuring all children have wider access to extracurricular activities and opportunities in order to broaden cultural capital experiences.

#### **Intended outcomes**

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Attainment and progress measure show that children's achievement is in line with that of non PP children and in line with national.	<ul> <li>Clear monitoring in termly pupil progress meetings with identification of target pupils for intervention where necessary. Teaching staff to continue to identify gaps in learning and adapt lesson planning accord- ingly.</li> <li>Curriculum planning allows for opportunities to address lost learning.</li> <li>All PP children will pass phonics test.</li> <li>Children's engagement in writing will improve – evident in quantity and quality of writing im- provement.</li> </ul>
Children with SEND will make expected or accelerated progress from their starting points. Promotion of social, emotional and mental health needs will ensure all children and staff have strategies to manage the school day.	<ul> <li>Children with identified SEND will make at least expected progress and this will be measured carefully through provision mapping and tracking.</li> <li>Children with identified SEMH needs will be able to access learning throughout the school day.</li> <li>Staff will use SEMH strategies to successfully support children in school.</li> </ul>
Attendance for PP children will be in line with that of non-PP children,	<ul> <li>Attendance tracking and analysis for PP children to identify trends and patterns.</li> <li>Attendance systems and processes applied for any children whose attendance falls below 95%</li> <li>Additional support for families for attendance where needed</li> </ul>
All pupils will have access to a range of extracurricular activities including music, sports clubs and competitions, swimming and trips that may otherwise be restricted.	<ul> <li>Pupils in receipt of Pupil Premium will go on school trips.</li> <li>Pupils are given opportunity to access to music opportunities – including choir and music lessons.</li> <li>Pupils access sporting extracurricular opportunities including trips, afterschool sports clubs and school events.</li> </ul>

# Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.
